

AMANYARA

AMANYARA is located along the coast of Northwest Point, adjacent to Malcolm's Beach on Providenciales in the Turks and Caicos Islands. Its 40 pavilions are sited on the edge of tranquil ponds, nestled in the vegetation along the shoreline or positioned along the oceanfront, elevated above the waterline with pathways leading to the rock formations above the sea. Alongside the pavilions are 20 villa homes, each sitting on a little over an acre and a half of lush landscape and emulating, on a more intimate scale, Amanyara as a whole. The restaurant, bar, library and boutique border a central reflecting pond while the beach club is located on a dune above the southern end of the sweeping 1,000m white-sand beach. Beyond is a grassed courtyard and the Dive Pavilion at Amanyara. A 50m swimming pool, two tennis courts, fitness centre, in-room spa treatments and a multimedia screening room complete the facilities. Scuba-diving, snorkelling, fishing and other water sports may be enjoyed from the resort while golf is available 35 minutes away.
